Experience the Comfort Zone journey at Westport's <mark>Spa Sula</mark>

THE glorious Spa Sula at the Westport Plaza and Castlecourt Hotel Resort has just introduced the leading cosmetic brand - Comfort Zone.

Offering a bespoke selection of anti-ageing facials within the tranquil temple of **Spa Sula**, the renowned Italian beauty collection is a sublime experience for the senses that incorporates a great passion for beauty guided by science and nature.

Now more than ever, people are conscious of both preventing and reversing the signs of ageing and the professional team at Spa Sula has worked closely with Comfort Zone to create a bespoke selection of facial therapies based on decades of experience and real results.

Choose your bespoke Comfort Zone facial from a treatment menu that boasts the hydramemory with collagen, renowned as the ultimate antiage treatment to stimulate cell regeneration whilst also deeply hydrating and plumping the skin. The hydramemory creates renewed moisture and silkiness of skin or skin resonance for sensitive and delicate skin in need of deep hydration.

Sue Henehan, manager of Spa Sula, said: "Introducing the new Comfort Zone facial collection to Spa Sula was a natural choice in response to clients seeking high impact anti-ageing treatments. It was evident that Comfort Zone is a cutting-edge cosmetic brand, offering products and treatments to care for skin using a gentle and natural approach. We believe it fits perfectly with the ethos of Spa Sula as the therapies are focused on sensorial results and total satisfaction for spa guests."

Comfort Zone is the cosmetics division of Davines S.p.a. - an Italian firm founded in 1982 by the Bollati family - and is a leader in research and production of product lines in the philosophy of dealing with the nature of Deauty, art and taste, and with the creation and appreciation of beauty.

Among its many high profile collaborators are Starwood, Hyatt, Hilton and Ritz Carlton, Virgin Active in Italy and numerous boutique hotels, day spas and wellness centers, ensuring it's a brand leader on the international professional spa market.

Spa Sula ensures an indulgent sanctuary designed exclusively for hotel guests and day spa visitors to relax and luxuriate in.

Featuring 12 beautifully appointed treatment rooms, including a hydrotherapy bath and couples suite, and a thermal suite consisting of a rasul chamber, rock sauna, steam room, salt grotto, ice fountain, lifestyle showers, foot spas, invigorating outdoor rock pool and garden relaxation, it creates an ambience of absolute pleasure and wellbeing.

Each Comfort Zone treatment includes one hour of complete relaxation in the thermal suite facilities before the real pampering, begins, with treatments priced from €65 each.
